### CONSTRUCTION AND PROJECT FINANCE

- Do you find it increasingly difficult to speak with your bank manager in person – especially one who understands the construction game? With Moorgate Finance, you can always discuss your specific project in detail with a knowledgeable, interested human-being.
- In addition to Asset / Equipment Finance, we fund construction projects in the UK. We judge projects on their individual merits and can facilitate funding for all aspects of a build, from land purchase to planning and building costs.
- Being passionate about our reputation means our clients benefit from a helpful, reliable relationship. Customer service is key and we not only advise, we also facilitate tailor made financial solutions.
